

# Creating a Better Workplace for Recycling Plant Operators

How improving conditions can boost  
productivity & retention

**ECOPLAST  
CONSULTING**  
IF THERE IS A FUTURE, IT IS CIRCULAR!

# The Challenge: Harsh Working Conditions

- ✓ Loud noise from shredders & conveyors
- ✓ Dust & poor air quality
- ✓ Odors & hygiene issues
- ✓ Extreme temperatures
- ✓ Uncomfortable PPE
- ✓ High fatigue & turnover

***Many trained workers leave for “cleaner” jobs***

**ECOPLAST  
CONSULTING**  
IF THERE IS A FUTURE, IT IS CIRCULAR!

# Why This Matters for Your Business?

- ✓ Lower employee turnover = less hiring & training costs
- ✓ Higher morale = better productivity & efficiency
- ✓ Safer conditions = fewer health issues & accidents
- ✓ Improved retention = skilled operators stay longer

***Small changes can make a BIG impact!***

**ECOPLAST  
CONSULTING**  
IF THERE IS A FUTURE, IT IS CIRCULAR!

# Noise Reduction & Hearing Protection

- ✓ Install acoustic barriers near noisy machines
- ✓ Provide comfortable, noise-cancelling ear protection
- ✓ Set up quiet break areas for hearing recovery

***Less stress, more focus, better performance***

**ECOPLAST  
CONSULTING**  
IF THERE IS A FUTURE, IT IS CIRCULAR!

# Dust & Air Quality Control

- ✓ Use advanced ventilation & dust extraction
- ✓ Install localized air filters in grinding areas
- ✓ Provide lightweight, breathable respiratory masks

***Clean air = healthier workers = fewer sick days***

**ECOPLAST  
CONSULTING**  
IF THERE IS A FUTURE, IT IS CIRCULAR!

# Managing Odors & Hygiene Risks

- ✓ Pre-wash tools before sorting & processing
- ✓ Use odor-neutralizing biofilters
- ✓ Ensure easy access to handwashing & disinfectants

***A fresh environment improves morale & retention***

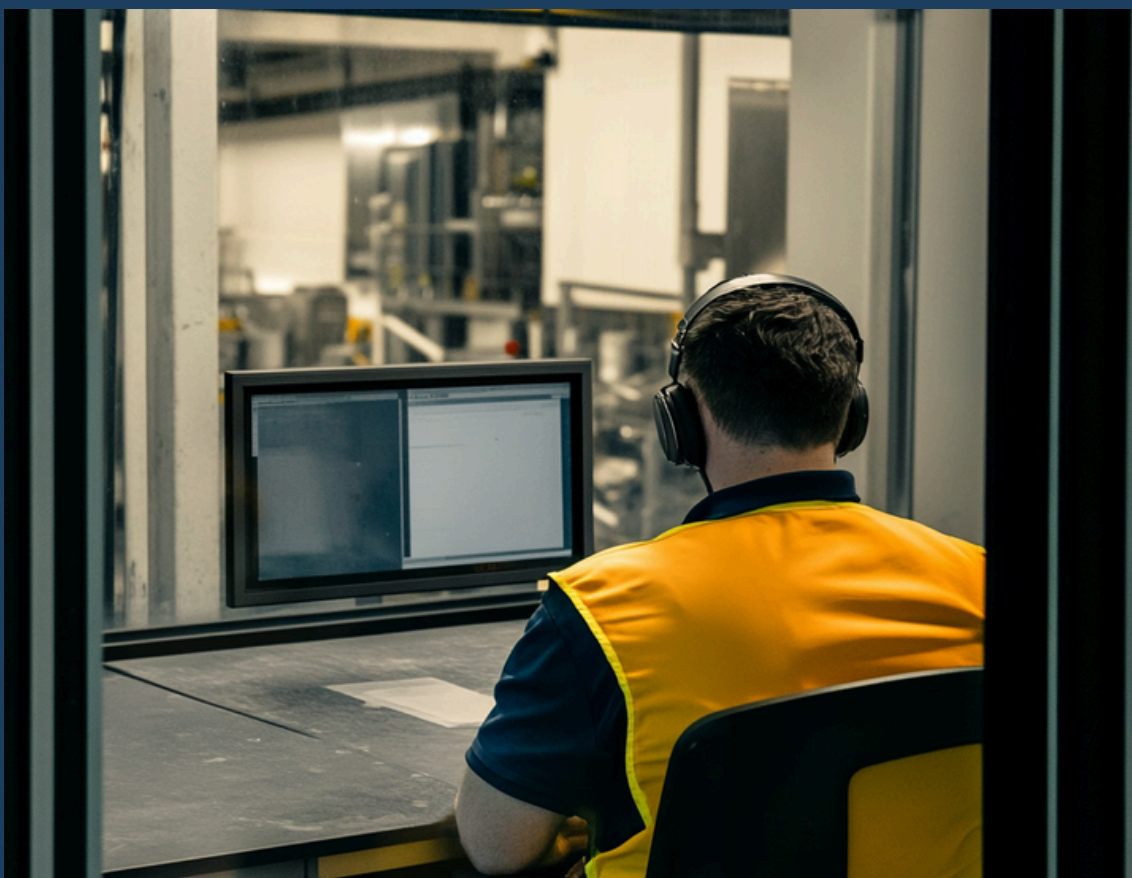

**ECOPLAST  
CONSULTING**  
IF THERE IS A FUTURE, IT IS CIRCULAR!

# Work Comfort: Temperature & Ergonomics

- ✓ Install cooling fans & localized climate control
- ✓ Provide ergonomic workstations & anti-fatigue flooring
- ✓ Rotate tasks to reduce repetitive strain injuries

*Less fatigue = higher efficiency & happier teams*

**ECOPLAST  
CONSULTING**  
IF THERE IS A FUTURE, IT IS CIRCULAR!

# PPE That Workers Actually Want to Wear

- ✓ Invest in lightweight, breathable uniforms
- ✓ Provide anti-fatigue footwear for long shifts
- ✓ Offer gloves with dexterity & hand protection

***Comfortable PPE increases compliance and safety***

**ECOPLAST  
CONSULTING**  
IF THERE IS A FUTURE, IT IS CIRCULAR!

# A Clean Industry Needs a Clean Workplace

- ✓ Higher job satisfaction = lower turnover
- ✓ Healthier operators = fewer sick days
- ✓ Safer environment = better productivity

If we want a Circular Economy, we need  
a circular well-being workers
